PROFESSIONAL SUMMARY

Highly motivated and detail-oriented Computer Science Engineering student with a strong foundation in programming, data analysis, and problem-solving. Passionate about leveraging technology to develop efficient solutions and continuously expanding technical expertise through hands-on projects, certifications, and practical learning experiences. Recognized for adaptability, analytical thinking, collaboration, and a proactive approach to learning emerging technologies. Committed to delivering high-quality work and creating meaningful impact through innovation and continuous improvement.

EDUCATION

B.Tech – Computer Science Engineering 2023 – 2027
Prestige Institute of Engineering Management & Research
CGPA: 7.00 / 10

12th 2023
Gyan Sagar Academy, Indore
• CBSE
• Percentage: 77.80 / 100

10th 2021
Gyan Sagar Academy, Indore
• CBSE
• Percentage: 92.80 / 100

KEY EXPERTISE

Technical Skills

Python, SQL, HTML, Tailwind CSS, React.js, Django,

CERTIFICATIONS

Data Science & Analytics – HP LIFE

27 Mar, 2026

- HP Foundation | Certificate No: 9f5cc51f-e82a-4d27-88c6-566debf7ed04
- Completed the HP LIFE online course on Data Science & Analytics, gaining proficiency in data science practices, methodologies, tools, and the benefits of a data-driven approach for businesses.

Data Analytics For Beginners | Introduction To Data Analytics | Data Analytics Using R

- IBM SkillsBuild | Simplilearn | Certificate ID: URL-ZWASDVPPFFW
- Completed IBM SkillsBuild certifications covering foundational data analytics concepts, tools, and hands-on R programming for data analysis.

SEMINARS / TRAININGS / WORKSHOPS

Prompt Engineering Workshop 03/2026
Neurons School of Innovation & AI
Skills: Prompt Engineering

Python Workshop 04/2024
PIEMR, Indore
Skills: Python Programming

Industry Visit 03/2026
YASH Technologies, Indore
Gained first-hand exposure to a professional IT environment

CO-CURRICULAR ACTIVITIES

- Active LinkedIn contributor sharing technical learnings and project updates (413+ impressions on recent posts)
- Participated in Smart India Hackathon (SIH), 2025
- Participated in Code Storm Hackathon, 2026

STRENGTHS & AREAS OF IMPROVEMENT

Strengths

- Quick Learner | Detail-Oriented | Self-Motivated | Analytical Thinker
- Adapts rapidly to new technologies, pays close attention to accuracy in data analysis and development tasks, proactively seeks learning opportunities, and approaches problems with a data-driven mindset.

Area of Improvement

- Communication Clarity
- Actively working on expressing technical ideas more precisely and concisely to ensure clarity across diverse audiences.

PROJECTS

Customer Shopping Behaviour Analysis

Data Analytics Project

- Key Skills: MySQL, Jupyter Notebook, Excel, Power BI
- Analyzed customer shopping behaviour using transactional data from 3,900+ purchases across various product categories. Uncovered key insights into spending patterns, customer segments, product preferences, and subscription behaviour to guide strategic business decisions. Performed end-to-end data wrangling, exploratory data analysis (EDA), and built interactive dashboards using Power BI.

Full Stack E-Commerce Web Application

React.js + Django Project

- Key Skills : React.js , Django REST Framework , PostgreSQL, JWT Authentication
- Developed a full-stack E-Commerce platform with secure user authentication and shopping cart functionality. Built RESTful APIs for products, categories, carts, and order management. Integrated PostgreSQL database and implemented JWT-based authorization. Created a responsive frontend using React.js, Vite, and Tailwind CSS.
